

## CAMP AKIBA CELL PHONE AND ELECTRONICS POLICY

Camp is a place we go to be together. We leave the confines of the city and its basic conveniences in order to reconnect with our Judaism, our friends, nature, and ourselves. Electronics at camp have become an increasingly distracting issue as cell phone and pda use has proliferated in general. Cell phones and personal digital assistants also present a liability issue for us at camp. PLEASE do not allow your camper to bring cell phones to camp. The most common excuse we get from campers for having a phone at camp is that it's their music player or camera. Please send a camera and/or small mp3 player with your camper if they feel the need to have either. All cell phones will be confiscated and we cannot be responsible for their safe return. Our policy is that cell phones are not permitted to be used by campers at any time during camp...please do not send them.
